

Lowest Cost Fall Prevention Monitor

TL-2100B
Basic Fall Monitor

Guaranteed Low Price

The Smart Caregiver Value Fall Monitor offers a high quality product at a great everyday value.

Auto-Reset Function

Monitor can be placed at the bedside or wheelchair, connected to a corded sensor pad. The sensor pad is placed under the resident. When the resident gets up and pressure is removed from the pad, monitor will sound alerting the caregiver

Monitor can be set to silent

Adjustable volume control – Monitor can be set to silent if used with existing nurse call system

Works with Bed or Chair Sensor Pads

Features:

- Nurse call port – connects monitor directly to existing nurse call system.
- Adjustable volume control – Monitor can be set to silent if used with existing nurse call system
